

# 2016-17 factsheet

## Rail passenger assists

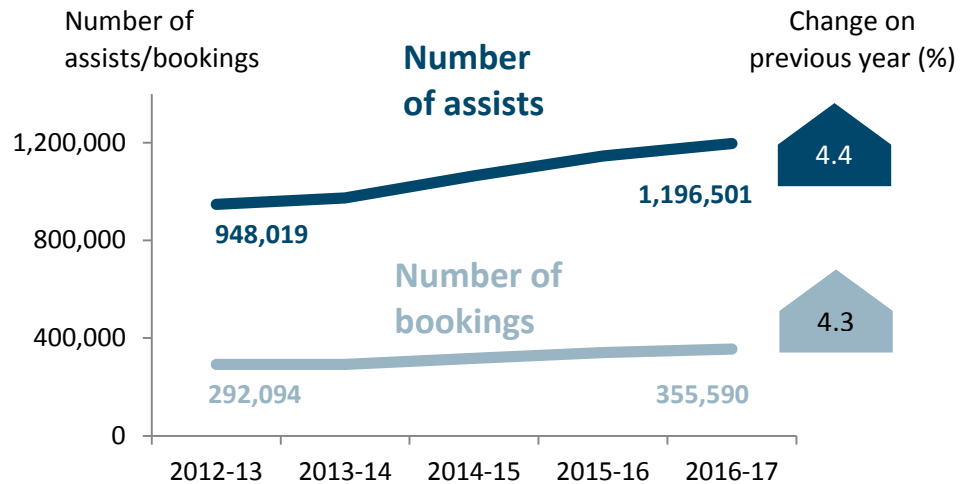

Publication date: 15 June 2017

### About the data

The data shows the number of pre-booked passenger assists and passenger bookings for assists on the GB rail network.

The bookings are made through the National Passenger Assistance Booking System managed by the Rail Delivery Group (RDG). It does not include unbooked assistance such as turn up and go.

Rail passenger assists and bookings, Great Britain (Table 16.02) 2012-13 to 2016-17

This data is collected by ORR for Disabled People's Protection Policies (DPPP) compliance monitoring. It allows train operating companies to demonstrate that they are complying with their obligations to disabled passengers.

1.2 million

Pre-booked passenger assists made in 2016-17

4.4%

increase in assists during 2016-17 compared to the previous year

3.4

assists made on average per booking in 2016-17

### Definitions

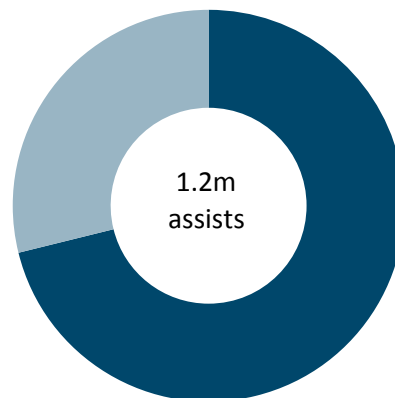

**Passenger assists:** the number of assists which have been requested through the National Passenger Assistance Booking System.

**Passenger bookings:** the number of bookings made through the National Passenger Assistance Booking System. For each booking there can be several assists requested.

Rail passenger assists by station operator, Great Britain, 2016-17 (Table 16.03)

Network Rail  
29%  
(345,305 pre-booked assists)

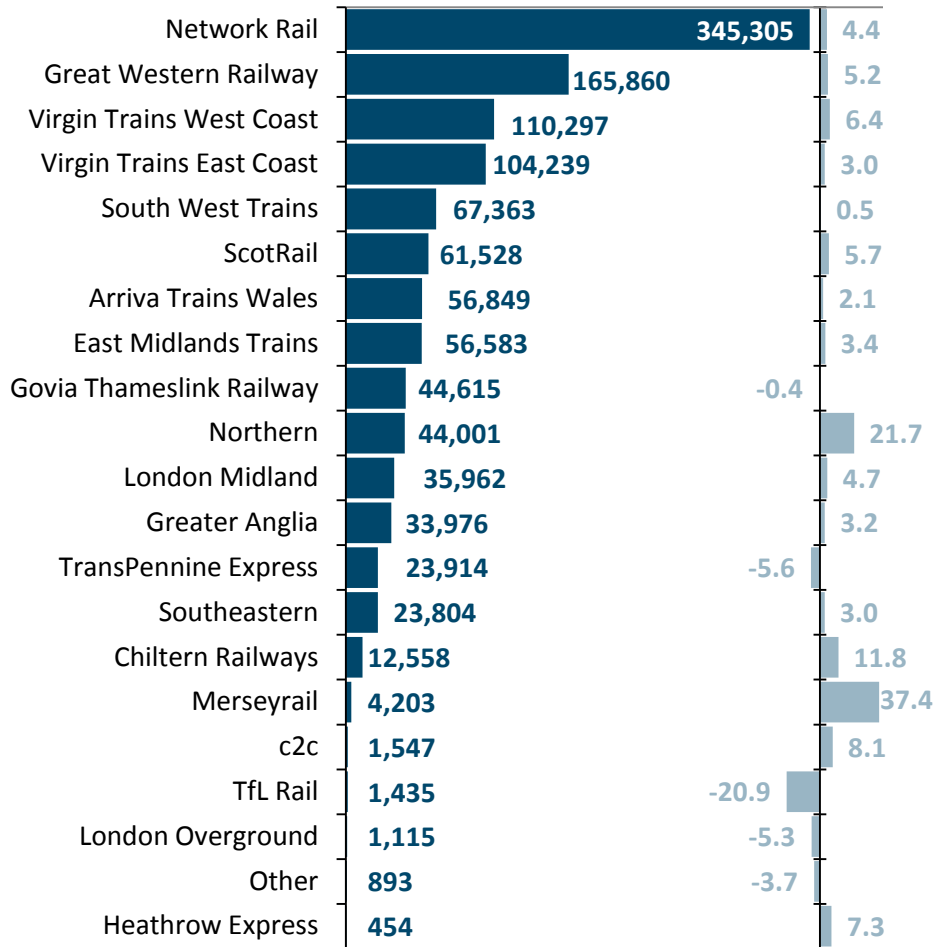

Train operators  
71%  
(851,196 pre-booked assists)

Volume of pre-booked assists and percentage change to last year, Great Britain, 2016-17

■ 2016-17

Percentage change to last year

Number of pre-booked assists

**Station operator:** assists are shown for each organisation that manages a station, and not necessarily with the operator the passenger travels with.

**Publication**

The data is published every quarter on ORR's [data portal](#).

The publication timetable can be viewed at: <http://orr.gov.uk/statistics/release-schedule>

Please note the assists shown above show pre-booked assists only, and do not include un-booked assists, sometimes called Turn Up and Go (TUAG). Operators above may experience a decrease in pre-booked assists since passengers are instead using their TUAG service.
