

# Train Operating Company key statistics

April 2024 to March 2025

21 August 2025

### TfW Rail

This publication is an annual summary of key statistics for TfW Rail covering passenger usage, performance, and passenger experience alongside reference data on number of employees and number of stations managed. All the data in this publication is also available on the various <a href="ORR data">ORR data</a> <a href="DOC key statistics">portal</a> theme pages. <a href="TOC key statistics">TOC key statistics</a> brings all the information together from the range of topics as a summary for each operator.

#### **Contents:**

Key statistics - p2

Passenger rail usage - p4

Passenger rail performance – p6

Passenger experience - p10

Passenger accessibility – p11

# **Key statistics**

**Number of full-time equivalent (FTE) employees** is calculated by comparing an employee's average number of hours worked to the average hours of a full-time worker.

Number of FTE employees, TfW Rail, as of 31 March, 2021 to 2025

TfW Rail's number of FTE employees was 3,526 as of 31 March 2025.

**Number of stations managed** only includes stations called at by a mainline train service as of 31 March. Any stations where all services have been suspended temporarily are included, whereas stations closed permanently or where all services have been suspended indefinitely are not.

Number of stations managed, TfW Rail, as of 31 March, 2021 to 2025

TfW Rail managed 248 stations as of 31 March 2025.

**Route kilometres operated** includes the total extent of route available to operate on as of 31 March. It does not take into account multiple track routes (i.e. double tracks are only counted as one route kilometre but would be two track kilometres).

#### Route kilometres operated, TfW Rail, as of 31 March, 2021 to 2025

TfW Rail operated on 1,827 kilometres of route as of 31 March 2025.

# Passenger rail usage

**Passenger journeys** are estimated based on travel from an origin station to a destination station. Where travel includes one or more changes of train, each train used is counted as one journey.

Passenger journeys (millions), TfW Rail, annual data, April 2020 to March 2025

Between April 2024 and March 2025, there were 31.3 million passenger journeys.

**Passenger kilometres** are calculated by multiplying the number of passenger journeys on a particular flow by the number of corresponding track kilometres between stations.

Passenger kilometres (millions), TfW Rail, annual data, April 2020 to March 2025

Between April 2024 and March 2025, there were 1,208 million passenger kilometres travelled.

**Passenger train kilometres** refers to the number of train kilometres travelled by revenue earning passenger trains.

Passenger train kilometres (millions), TfW Rail, annual data, April 2020 to March 2025

Between April 2024 and March 2025, there were 25.6 million passenger train kilometres.

More information on passenger journeys, kilometres and revenue as well as passenger train and vehicle kilometres can be found on the <u>Passenger rail usage</u> page on the data portal.

# Passenger rail performance

**On Time** is the percentage of recorded station stops that were early or less than one minute after the scheduled arrival time.

On Time (%), TfW Rail, annual data, April 2020 to March 2025

The percentage of trains On Time between April 2024 and March 2025 was 62.2% compared with 60.3% in the previous year.

**Cancellations** is the percentage of trains planned that were cancelled, whereby full cancellations are counted as one and part cancellations as half.

#### Cancellations (%), TfW Rail, annual data, April 2020 to March 2025

Cancellations between April 2024 and March 2025 was 5.3% compared with 5.1% in the previous year.

The number of **trains planned** is based on the daily schedule as agreed between the train operator and Network Rail at 22:00 on the previous evening.

#### Trains planned, TfW Rail, annual data, April 2020 to March 2025

There were 354,397 trains planned between April 2024 and March 2025.

**Delay minutes** are defined as the time lost between consecutive timing points on the rail network. Delay incidents producing three or more minutes of delay on Britain's railways are attributed to either Network Rail or a train operator.

There are three types of responsibility category:

**NR-on-TOC** are delays attributed to Network Rail affecting train operating companies (e.g. Track, Network management, etc.).

**TOC-on-Self** are delays attributed to train operating companies affecting their own train operating company (e.g. their own fleet, train crew, etc.).

**TOC-on-TOC** are delays attributed to train operating companies affecting other train operating companies (e.g. another operator's fleet, train crew, etc.).

Delay minutes on the rail network by responsibility, TfW Rail, annual data, April 2023 to March 2025

#### Delay minutes by responsibility, TfW Rail, annual data, April 2020 to March 2025

	Apr 2020 to	Apr 2021 to	Apr 2022 to	Apr 2023 to	Apr 2024 to
Delay type	Mar 2021	Mar 2022	Mar 2023	Mar 2024	Mar 2025
NR-on-TOC [r]	193,443	344,752	419,936	456,604	462,430
TOC-on-Self	102,260	255,704	410,453	539,997	470,647
TOC-on-TOC	19,267	38,055	62,838	82,275	83,939

Delay minutes totals have been revised. These figures now exclude the small number of delay minutes that are miscoded to the wrong delay type.

More information on punctuality, reliability and causes of delay for passenger trains can be found on the <u>Passenger rail performance</u> page on the data portal.

## Passenger experience

**Complaints** are defined as 'any expression of dissatisfaction by a customer or potential customer about service delivery or about company or industry policy'.

Complaints closed, TfW Rail, annual data, April 2020 to March 2025

The number of complaints closed between April 2024 and March 2025 was 18,730.

**Delay compensation claims closed** refers to the volume of claims closed when the train operator issues payment for a successful claim or when the passenger was informed that their claim was rejected.

Delay compensation claims closed, TfW Rail, annual data, April 2020 to March 2025

154,810 delay compensation claims were closed between April 2024 and March 2025, compared with 169,601 in the previous year.

More information on <u>complaints</u>, <u>delay compensation claims</u> and <u>passenger assistance</u> can be found on their respective pages on the data portal.

## Passenger accessibility

Pre-booked **passenger assists** data show the number of assists that have been requested by passengers through the National Passenger Assistance Booking System. Unbooked assistance such as 'Turn up and go' assists are now recorded in <u>Table 4223 – Recorded passenger assists (turn up and go) and requests by station operator.</u>

Number of pre-booked passenger assists, TfW Rail, annual data, April 2020 to March 2025

There were 75,339 pre-booked passenger assists booked between April 2024 and March 2025 compared with 61,230 in the previous year.

There are series breaks between April 2020 and April 2022. For more details on the series breaks, please see <u>Table 4213</u>: <u>Passenger assists by station operator</u>.
